Description

Jackery Explorer 500 is a 518Wh lithium Portable Power Station. The Jackery Explorer 500 is one of the lightest and most portable rechargeable lithium battery generators on the market.

- **Lithium battery power:** 518Wh/144,400mAh battery capacity, 500W Rated Power and 1000W Surge Power from the pure-sine wave AC port.
- **Portable and lightweight:** weighing in at just 6kg's with an easy-carry handle.
- **Multiple output ports:** charge mainstream electronics and small appliances, including Smartphone's, tablets, laptops, cameras, drones, mini-fridges and more.
- **All-in-one portable power station:** includes three USB ports, AC outlet and 12V car output.
- **Recharge the power station three ways:** AC outlet, DC carport or via optional solar panels.
- An easy to read **LCD screen** displays charge/discharge data and battery life status.
- **Unlimited green power bundle:** can work with compatible solar panels (sold separately) to perform as a solar kit or solar generator.
- Please note: the Explorer 500 (with **South African 2-prong outlet and plug**) is identical to the Explorer 500 sold in the USA except for the differing voltage and USA plug.
- The Explorer 500 comes with a handy **additional** South African 2-prong to 3-prong outlet adapter.
- FREE SHIPPING | 30 DAY RETURN | 2 YEAR WARRANTY

Jackery Explorer 500 provides power-to-go in a compact, lightweight design featuring multiple connections to charge your gear, devices and more. Use it indoors in your home or office as a back-up power supply, or take the Explorer 500 with you on camping holidays, overland trips, hiking, outdoor recreational outings and much more.

The rechargeable portable power station can keep most of your gear charged allowing you to stay connected and comfortable. It can also be used as an emergency power backup at home, or an off-grid power supply.
