Description

Features

The Blending Station Advance has been engineered for perfection, including 93 variable speeds, a sound-reducing cover and 3-peak hp motor

for faster, smoother blends.

Optimized Programs

With 6 optimized programs, 34 available settings, and automatic shut-off, create consistent, high-quality blends while you take the next request.

Noise Reduction

A sound-reducing cover helps maintain a quiet atmosphere, protect order accuracy, and can be removed for easy cleaning.

3-HP Motor

The 3 peak output horsepower motor quickly pulverizes ingredients and blends multiple servings of smoothies, frappés, and frozen drinks with ease.

Advance® Container

Our 1.4 Litre Advance container is designed to create the smoothest frozen beverages. Its no-drip spout reduces product waste and clean-up.
