Description

The DNA Super Blender with Commercial Grade 3HP Motor promises to outperform any traditional blender by producing smoother results in shorter time periods with the ability to crush ice and frozen fruit, blend nuts into nut butter and make hot soups without comprising its heat-resistant 2L Jug. It is the perfect choice for families wanting quick blending, and family-sized servings in a single blending cycle. As well as commercial outfits seeking a commercial-grade Blender for the toughest of commercial kitchen blending requirements
