Description

[DOWNLOAD BROCHURE](#)

The Hurom H22 MK2 is one of the World's most widely used commercial cold press juicers. The Hurom H22 (HW in some markets) Juicer is able to run for 8 hours continuously - in a working environment this figure would be higher as the motor would get a chance to rest while you prep produce.

The H22 Cold press commercial juicer is a great juicer for juice bars, coffee shops, restaurants, guest houses and offices who are producing a high volume of juice. The H22 is very quiet, BPA free and is guaranteed to produce some of the highest quality and highest yield cold press juice in the market

Features

- Intuitive LED display
- Slow rotational speed of 43 rpm
- Runs for up to 8 hours continuously
- Juice up to 50 litres per hour (Depends on what is being juiced. Soft produce will juice a lot quicker than hard produce)
- 1000-milliliter chamber capacity
- Upgraded double-edged, high-strength auger
- Adjustable Control Lever to accommodate different ingredients
- Versatile juice cap for convenience
- Four spinning brushes
- Two types of strainers - fine and coarse
- Low-noise, low-vibration AC motor
- Easy assembly and disassembly
- Stainless Steel External Housing
- iF Design & Red Dot Design Award Winner
- 1 year commercial use warranty

The Hurom H22 is extremely versatile

- Juice high yield product (such as oranges) at an output of 50 litres per hour (1.25kg of oranges will make approx. 1.0 litres of juice)
- Great for hard product like carrot, beetroot and ginger
- Best possible yield from greens such as wheatgrass, kale and mint
- Makes nut milk with ease
- Use the included coarse strainer to easily make your favourite banana, mango or strawberry smoothies

Hurom is the Global Leader

Hurom is the Global Leader in Slow/Cold Press Juicers having been in business since 1974. Since 2010, Hurom has sold over 7 million juicers into more than 50 countries and Hurom currently holds over 200 technology and design patents, more than any other Cold Press Juicer manufacturer.

Hurom Cold Press Juicers are made in Korea from only the highest quality components. Not only can they make juice, they can make nut milk, ice-cream, sorbet & smoothies making them extremely versatile.

Hurom Cold Press Juicers also boast the highest yield of any juicer on the market (as tested by Choice Australia in Nov 2014) plus they use up to 80% less power than a 750 watt traditional high-speed juicer. Lastly, the Hurom H22 is super quick and easy to clean - just rinse under a tap.
