Description

The Oscar Classic is the latest Oscar Juicer

The Oscar Classic Juicer includes a larger feeding chute, which cuts down on preparation time. The new Oscar includes an extra juicing strainer especially for softer fruits.

Oscar Classic Juicer VS DA1000 VS DA900

All Oscar Juicers produce exceptional quality juice. The Oscar Classic and the Oscar DA1000 have a more advanced front-end and give a slightly higher yield than the DA900. Besides the juicers' design, there are a few small differences between the Oscar Classic and the DA1000.

Benefits of the Oscar Classic vs the Oscar DA1000

- The Oscar Classic has a larger feeding chute than the DA1000.
 - Spend less time prepping and more time drinking healthy juice!
- The Classic comes with a juicing strainer especially for softer fruits
 - The DA1000 will struggle if you are making a juice out of soft fruits only
- One piece drum & hopper
 - Means one less piece to assemble (although I would rarely remove the DA1000 hopper)
- Self feeding
 - The feeding chute and auger are nearly the same size, this enhances the self feeding action
 - Note that you will need to use the food pusher with some produce

Both the Oscar Classic and the DA1000 were modelled after the DA900's award winning design. Both of the newer models use the BPA Free Ultem Tough Auger and feature the front-end pressure adjustment for higher yield. The DA900 however has an optional oil extractor available.

Oscars Are Multipurpose Juicers

Use the 'blank screen' to prepare the following:

- Nut butters
- Healthy frozen desserts (Sorbets & Frozen Yoghurt)
- Baby Puree
- Pasta (attachments supplied)
- Kimchi
- Soy bean milk
- Grind grains and spices

- Mince meat, fish & chicken
- One of the best juicers for juicing celery

**Note that all Oscar Juicers come with the blank screen and can perform the functions listed above.*

Technical Specifications:

- Type: Masticating Slow Juicer
- GE Ultem Tuff extra strong juicing AUGER
- 220v (50Hz) 63-75 RPM
- 200 watt induction motor
- L x W x H = 47 cm x 18 cm X 33.5 cm (unboxed)
- Weight = 8.18 kg (In the box weight)

Warranty Information

- 5 years on front end parts - Household use
- 20 years on the motor - Household use
- 3 year commercial warranty

Oscar Juicers made by Hurom

Oscar Juicers are made by Hurom in South Korea. Hurom juicers are consistently rated as the best juicers in the world. The Oscar Classic Juicer is also sold as the "[SANA JUICER EUJ-707 BY OMEGA](#)" in the UK and European markets. This is one of the top rated juicers in these markets. The only difference is that the Oscar version has the pressure adjustment system included, which the SANA does not - this gives the Oscar version a slightly better yield.

View some Youtube videos below. Note that the SANA 707 is the same juicer as the Oscar Classic, although the Oscar includes the pressure adjustment ring, which the SANA doesn't.

Non Juicing functions. Note that the oil extractor in the video below is not included.

Oscar Classic Juicer - Best Celery Juicer

Reviews

Monday, 21 October 2019

The best decision I have made in 2019 was to buy my Oscar classic juicer, it is perfect for my needs. what a machine! I got my Oscar classic juicer on Friday and by Sunday afternoon I had already made several juice recipes using either fruit only, vegetables only or a mix of the two. I also made my 6 month old baby food and everything came out PERFECT. I am so proud of my choice and the juices are much better than the store bought and the freedom to create your own mix is liberating. I will never buy a juice again. I would definitely pay for an Oscar classic juicer again. The bonus is that it is so easy to assemble and to clean after use. its compact so it doesn't take up much counter space.

Dylan is an amazing person, who keeps you informed throughout the process. I called him at first for juice recommendations and he was very helpful never pushing me to buy anything just an honest advice about the juicers they have and he left me to decide what I wanted based on my needs and budget.

I paid for my Oscar classic on Thursday and I received it on Friday morning, very neatly wrapped and upon opening it was nice and clean inside. I advise everyone to use Ecohub not only because it has the cheapest prices online but also because their service is above the rest. if you have questions give them a call, you won't regret.

Thanks for the speedy service. My Oscar juicer was delivered promptly and I am loving the juice book that came along with it. Won't hesitate to recommend your company to friends.
