Description

[DOWNLOAD BROCHURE](#)

Lightweight and easy to store, this little Waterwise 4000 powerhouse water distiller is a world traveller. You can have a supply of pure, fresh, homemade distilled water no matter where you are. Since it requires no assembly, no installation and no water hook-ups, the Waterwise 4000 is at home anywhere. Simply fill the stainless steel boiler with tap water, press the start button, and soon you'll be enjoying the most deliciously pure and refreshing water you've ever had!

As with all Waterwise distillers, the Waterwise 4000 combines steam distillation with carbon post filtration, resulting in optimum water purity. Automatic shutoff after each 1-gallon cycle
