To Whom It May Concern

Confirmation of Authorised REVOV Distributor

This letter serves to confirm that EcoHub (Pty) Ltd, trading as EcoHub and operating from www.ecohub.co.za, is an authorised REVOV distributor and a valued customer of REVOV Energy Projects (Pty) Ltd.

We have recently become aware of a website operating under the domain www.ecohubza.com, which appears to be impersonating EcoHub and advertising REVOV products without authorisation.

REVOV Energy Projects (Pty) Ltd confirms the following:

- www.ecohubza.com is not an authorised REVOV distributor or reseller.
- The company operating under this domain is not a registered customer of REVOV Energy Projects (Pty) Ltd.
- REVOV has no affiliation with this website and cannot verify the authenticity of any products or services being advertised or sold through it.
- The website is advertising legacy REVOV products, including the R100 and R200 battery ranges. These products have been discontinued and have been replaced by our latest generation E-Series products, namely the E100 and E300.

Customers wishing to purchase genuine REVOV products should do so only through our authorised distribution network or directly through authorised partners such as EcoHub (www.ecohub.co.za).

Should any further confirmation or information be required, please do not hesitate to contact REVOV Energy (Pty) Ltd.
